Sensitive information concealed globally on all documents at the click of a button

**Testimonial**

“When we decided to tackle the massive project of digitizing a large portion of our Township records, we chose Foveonics for a few reasons. As a municipality, it was important to us that they have a state contract, they are a local company, and they were the most responsive of all the companies we reached out to. Scott Fliegel and Richard Bell have always been available for questions and support. It was a lot of work in the beginning, but the entire staff is very knowledgeable and got us through it.”

## About Foveonics

New Jersey based Foveonics Inc., founded in September 2003, is a leading document management services and solutions provider to government agencies. Foveonics has worked extensively alongside our clients and NJ DORES, assisting in the certification process for both Migration Path and Microfilm.
