Cloud Storage

Foveonics manages 2 million images daily for the Township of Moorestown through secure document storage

Destruction

State of NJ Certified document destruction alleviating valuable facility space

Redaction

Sensitive information concealed globally on all documents at the click of a button

Testimonial

“Moorestown Township has, for the past several years, utilized the services of Foveonics to digitalize (annually) its construction permit application files. These services have helped the Township manage and retrieve its records in an effective and efficient manner. The process also allows for records destruction, resulting in available space for records currently being created. Foveonics is not a ‘one-size fits all organization.’ The staff listens to your individual needs and, with your budget in mind, helps to customize a plan that will assist you in meeting those needs and your overall goals.”

About Foveonics

New Jersey based Foveonics Inc., founded in September 2003, is a leading document management services and solutions provider to government agencies. Foveonics has worked extensively alongside our clients and NJ DORES, assisting in the certification process for both Migration Path and Microfilm.
