Testimonial

“Within the Borough of Prospect Park, I was faced with a tremendous back file of archives that were filed throughout the building footprint. OPRA requests were becoming increasingly difficult to complete. Foveonics designed a software solution which enabled each department to search for their respective documents within a cloud-based software solution. I have drastically changed our approach to document management within our town and will continue to use Foveonics services.”

About Foveonics

New Jersey based Foveonics Inc., founded in September 2003, is a leading document management services and solutions provider to government agencies. Foveonics has worked extensively alongside our clients and NJ DORES, assisting in the certification process for both Migration Path and Microfilm.
