"Foveonics was able to help us with a growing concern in our records department with the scanning of our student records. Foveonics professional staff facilitated us in meeting our budget to starting the project and they continue to work with us with this task. We are extremely pleased with the simplicity of locating records after scanning. We are looking forward to continuing our relationship."

About Foveonics

New Jersey based Foveonics Inc., founded in September 2003, is a leading document management services and solutions provider to government agencies. Foveonics has worked extensively alongside our clients and NJ DORES, assisting in the certification process for both Migration Path and Microfilm.
